Student's Council Election

25/08/2023

The Symbiosis School of Planning, Architecture and Design conducted its 3rd Students council election on 25th August 2023. The objective of conducting student council election is to provide students with a platform to elect their representatives. These representatives are responsible for voicing the concerns, interests, and needs of the student body to the school administration and faculty. For any institution the formation of student council promotes the students to involve students in democratic process. Student council elections offer an opportunity for students to develop leadership skills. Candidates often need to campaign, present their ideas, and engage with their peers, which can help them develop important life skills.

In the preliminary round, candidates who had filed the nominations were asked to give a 2-minute speech a day before the election to all the students to present their case on why they should be elected for the post they had stood for. A total 25 students filed nominations for the posts of President, Vice President, Secretary, Treasurer, Event Head, Event Co-Head, Cultural Head, Cultural Co-Head.

A week has been allotted to the participants for the promotional activity to communicate their views on work and culture for students' council of SSPAD without disturbing any classes and no posters were allowed for the promotional activity.

The election was conducted on online mode where students had to cast their vote on the online form circulated by the IT department of SSPAD.

The results were declared on 29th August 2023 by the Director of SSPAD Dr. Nandini Kulkarni at seminar hall of SSPAD and congratulate the elected candidates on their achievements.
